

JOYA-Australia with new Web Page & Online Shop

22th February 2010, JOYA-Australia – sole importer and distributor of the precious JOYA Gemstone Massage products is proud to announce the release of its new improved web page including an online shop – www.joya-australia.com.au.

The new site provides visitors the opportunity to purchase the whole range of the unique JOYA Massage Rollers, working on the concept of freely rotating gemstone spheres in handy holders, creating an entirely new massage experience for both the person receiving the massage and the person massaging.

"I created the new web site to appeal to individuals as well as Massage, Beauty and Crystal Therapists in practices, salons, spas, retreats etc. searching for effective massage products and innovative treatments to create deeper results with less effort and for new dimensions to spoil their clients," says Ellen Bendin, owner and manager of JOYA-Australia.

JOYA's high quality products are made in Germany. A range of different massage tools and gemstones make it easy to find the ideal massager for any treatment – from cosmetic massages over neck and shoulder massages, deep tissue massages and reflexology to whole body massages just to name a few. Visitors will also find beautiful and practical accessories like the elegant Warming Bowl and the exquisite Timber Cases.

"I am excited that I can now easily share tips about massaging with JOYA, testimonials from our satisfied and grateful customers, answers to common questions, news in our chat area and how people can earn money with us or shop for free. I am looking forward to the growth and success of JOYA-Australia."

In conjunction with the launch of the new site, JOYA is currently offering \$10.00 off all massagers for a limited time.
